TREAT YOURSELF TO THE ULTIMATE WEEK OF RELAXATION, EXPLORATION AND ADVENTURE THROUGH THE TUAMOTU ISLANDS OF FRENCH POLYNESIA!

The Tuamotu Islands are the world's largest collection of coral atolls in existence. The first 4 nights/5 days of your adventure will be spent cruising and exploring Rangiroa, the largest atoll in the Tuamotu Islands. Aboard your very own luxury catamaran, your days will be spent right in the middle of these renowned waters which are famous for its varying depths, colors and world class snorkeling. The color palette Rangiroa creates, and aquarium like waters offer an unforgettable discovery and appreciation for nature. By catamaran, these waters are at your fingertips to dive in, float, swim or simply relax onboard for the views.

On day five of your adventure, we will take a quick fifteen minute flight to the neighboring atoll of Fakarava. Here you will stay at a charming guest-house style accommodation that is set on a pristine stretch of sand overlooking Fakarava's lagoon. Because of Fakarava's rare, natural purity, it has been designated a UNESCO Biosphere Reserve for the preservation of rare species. This exceptional ecosystem provides one of the world's best snorkeling and diving destinations. You will have the opportunity to explore these famous waters as well as unforgettable pink sand beaches. Like all of our itineraries, this is your time to be as relaxed or active as your choose. Private beaches, Polynesian cultural experiences and drop-dead gorgeous views will be a part of each day.

"Just back from an incredible adventure with Te Mana Travels! Jennifer, (Te Mana Travels) organized our Land, and Sea, (Catamaran) Tour to complete perfection! She works with phenomenal tour guides, cooks, and captains, that give great insight into Polynesian history, and culture. We had beautifully presented, and delicious, local cuisine everyday. Amazing snorkeling excursions with rays, teams of colorful fish, sharks, and beautiful corals. The vanilla farm, and Pearl farm visits were also wonderful. Everything was perfectly planned so that we could just relax, or stay busy. Just a word of caution...Jennifer's love for the islands is contagious...! Can't wait to go back!"
